

4K Broadcast POV micro camera

Antelope Ultra

4K Broadcast POV micro camera

KEY FEATURES

- 2/3-type CMOS sensor with 4K resolution
- 4K P60 with one single 12G SDI cable
- fully remote controllable

The Antelope Ultra miniature live broadcast camera system offers spectacular UHD footage and never seen before details from vantage points where larger cameras cannot be mounted.

The Antelope Ultra camera supports video formats up to 60p.

The system is based on a 2/3-type CMOS 4k chip and provides high detail and unsurpassed light sensitivity.

The camera head's extremely small dimensions of 120x47x47mm allow unusual camera point of views in feature film, live broadcast, documentary or industrial environment.
