

## Warranty for Professional Security Products

Thank you for purchasing Panasonic professional Security Products (the “Product”) which are covered by this Warranty. This Warranty is an addition to, and does not in any way affect, any statutory or other rights of consumer purchasers. The Warranty exists in addition to the statutory and/or contractual dealer Warranty and does not at all restrict your rights as a buyer out of such Warranty.

### Products covered & Warranty Period

- This Warranty covers Panasonic Video Surveillance, Video Intercom, Access Control and Fire Alarm products. The standard Warranty period is 3 (three) years except as set out in Warranty Exclusions shown below. The Warranty commences from the original date of sale to the first end user.

### Warranty Cover

- The Warranty covers breakdowns due to initial manufacturing defects or design faults of the Products. During the Warranty Period, Panasonic will at its sole discretion, repair or exchange any faulty product with a service exchange unit or comparable refurbished product. Any exchanged product or parts replaced under this Warranty become the property of Panasonic.
- Your sole and exclusive remedy against Panasonic under this Warranty is for the repair of the product or any parts (or, at Panasonic’s discretion, replacement of the Product or any defective part or parts thereof or a total or partial refund). No other remedy, including, without limitation, any claim for incidental or consequential damage or loss of whatsoever nature, shall be available to the purchaser.

### Obtaining Warranty Service

- If your Product should fail, please first check the “Trouble-Shooting” section of your product’s Operating Instructions. If you consider the product to be defective, in the first instance please contact your original Installer or Maintenance provider. Alternatively, you can visit our website <http://business.panasonic.co.uk/security-solutions/service-and-downloads> for contact details.
- When arranging a Warranty repair, the Service Centre will ask you to provide proof of purchase and the original installation date. Please provide accurate fault details for the Product. If fault details are not known, the Product will be thoroughly checked and tested. If no fault is apparent, it will be returned. We reserve the right to charge a handling charge for any Product where no fault is apparent.
- Panasonic will arrange to collect the faulty product from the Customer premises (excluding overseas islands). We will be responsible for parts and labour costs to repair the item and return it to the Customer. Panasonic will not be responsible for any additional engineering costs incurred in removing or re-installing Products on site.
- Where Products require regular servicing or maintenance, this must be carried out according to Panasonic’s recommendations by an authorised Panasonic Security Service Centre. Regular service or maintenance is not covered under this Warranty.
